

The background of the entire page is a textured, aged American flag. The stars are a light, weathered white, and the stripes are a mix of off-white and a muted, earthy red. The overall appearance is that of old, worn fabric or paper.

The 1776 Syndicate

Mission Statement

The 1776 Syndicate

A professional Network for citizens seeking to ensure a constitutional future.

EXECUTIVE SUMMARY

Mission and Vision

The 1776 Syndicate is an exclusive subscription based service for citizens, campaigners and constitutional minded public servants to increase their knowledge, skills, and professional networks to successfully serve our country according to our founding fathers' ideals.

The 1776 Syndicate believes that the Constitution is the DNA of our country, and the further our elected officials and policies drift from it, the more susceptible citizens are to losing the freedoms the Constitution protects. Our Nation can evolve, but it must retain its unique identity—its character and values are established by the Constitution and the freedoms guaranteed by it. Syndicate members are involved to keep the erosion of our Country's character from occurring.

The 1776 Syndicate will accomplish its mission by employing the core four elements of Support, Connect, Provide and Motivate/Encourage to its members, while sharing best practices and developing new strategies.

SUPPORT

The Syndicate will leverage social media, Zoom, and other available platforms to provide the necessary support and tools for the novice campaigner to help them understand the logistics of running a campaign, setting expectations and goals, tactics to accelerate their campaign and increase their potential for a positive election outcome.

CONNECT

The Syndicate will facilitate dialogue from Candidates and Campaign Managers in interviews, Q & A's, and live events to members. Members will be exposed to a variety of election related topics, as well as be able to interact live in a Q & A format often times with a current or former elected official.

The Syndicate will provide a platform for current and aspiring elected officials to build their networks and expand their spheres of influence with people they would not meet except through the 1776 Syndicate.

PROVIDE

The Syndicate will provide guidance, tools, motivation, and links to resources that are necessary to run a successful campaign or increase your education about current events and policies.

The Syndicate will provide the campaigner with election strategies. We will also help provide the tools for current officials to run for re-election when necessary.

We will have the resources available to build out a “war-chest” of tools within your own sphere of influence and reach.

The Syndicate has established and offers preferred provider networks for campaign related materials and online tools.

MOTIVATE & ENCOURAGE

The Syndicate will provide an avenue for current public servants to encourage and teach aspiring citizens on a wide range of topics. They may include campaigning, public service, social conversations, and potential interviews. We will introduce current and former elected officials to add value to the conversation and your knowledge base.

The Syndicate will provide personal coaching and mentoring focused on campaign basics, and function as connectors to select public officials who have a vested interest in the success of Syndicate members.

The Syndicate will be the backbone of your position to the public while supporting your “voice” in the market with relevant information and a key point of contact to support your efforts.

The Syndicate will become you and your families fortress to lean on when the opposition attacks. Our fortitude and strength is unwavering in our desire to support fellow Syndicate members.
